PHYSICAL DATA

Appearance:  White Liquid
Odor:        Ammonia
Color:       White

Bulk Density:    NE
Sp Gravity:    0.89
pH (as is):    7.1

FIRE AND EXPLOSION HAZARD DATA

Flash Point:        greater than 200 degrees F
Autoignition Temp:  650 degrees F estimated
Flammable Limits:   Not Determined

FIRE HAZARD: The oil in this product is a Class III B combustible liquid with a Flash Point of 340 degrees F.
FIRE FIGHTING PROCEDURES: Use water fog, chemical foam, dry chemical powder or carbon dioxide to extinguish. Wear self contained breathing apparatus when fire-fighting in confined spaces.

REACTIVITY DATA

Stable
Hazardous polymerization will not occur
Incompatible Materials: Strong Oxidizers
Hazardous Decomposition Products: Carbon monoxide if burned

REVISED SEPTEMBER 1997
HEALTH HAZARD

GENERAL: This description of toxicological properties is based on experimental results and experience with the product.

INGESTION: Harmful or fatal if swallowed. Pulmonary aspiration hazard if swallowed and vomiting occurs.

ESTIMATED LD50 (rat): more than 30 grams per kilogram

EYE CONTACT: Contact with eye may cause temporary irritation. No permanent damage expected.

INHALATION: Excessive exposure may cause temporary irritation to nose, throat, eyes. No acute effects expected at twice the exposure limit.

EXPOSURE LIMIT: 8 hour time weighted permissible exposure 5 mg/m3 government regulation.

FIRST AID PROCEDURES

INHALATION: Move person to fresh air

SKIN: Wash with soap and water. Wash clothing before reuse.

EYE: Flush with water. If irritation persists, obtain medical assistance.

INGESTION: DO NOT induce vomiting. Obtain medical assistance.

SPILL OR LEAK PROCEDURES

Steps to be taken in case product is released or spilled:

Contain spill. Absorb on inert material.

Waste Disposal Method: Follow Federal, local and State regulations. Do not flush to drain or storm sewer.

PERSONAL PROTECTION INFORMATION

Ventilation: Ventilate as needed to comply with exposure limit.

Eye: Goggles preferred.

Gloves: Impervious gloves recommended when prolonged skin contact cannot be avoided.

Respiration: Not normally needed. If used, use only NIOSH certified respiratory protection.

REGULATORY INFORMATION

This product does not contain ingredients in amounts subject to reporting under CERCLA or SARA Regulations (40CFR, 370 and 372).
