1. Chemical product and company identification

Product name: CASTROL TRANSYND
MSDS #: 455936
Historic MSDS #: 0000001591
Code: 455936-US10
Product use: Automatic transmission fluid. For specific application advice see appropriate Technical Data Sheet or consult our company representative.
Manufacturer: BP Lubricants USA Inc.
1500 Valley Road
Wayne, NJ 07470
Telephone: (973) 633-2200
Telecopier: (973) 633-7475

EMERGENCY HEALTH INFORMATION:
1 (800) 447-8735
Outside the US: +1 703-527-3887 (CHEMTREC)

EMERGENCY SPILL INFORMATION:

3. Hazards identification

Physical state: Liquid.
Color: Red.
Emergency overview: CAUTION!
MAY CAUSE EYE IRRITATION.
MAY CAUSE SKIN IRRITATION.
MAY CAUSE RESPIRATORY TRACT IRRITATION.

Avoid contact with eyes, skin and clothing. Avoid breathing vapor or mist. Keep container closed.
Use with adequate ventilation. Wash thoroughly after handling. Prolonged or repeated contact can defat the skin and lead to irritation and/or dermatitis.

Routes of entry: Dermal contact. Eye contact. Inhalation. Ingestion.

Potential health effects:
Eyes: May cause eye irritation.
Skin: May cause skin irritation. Prolonged or repeated contact can defat the skin and lead to irritation and/or dermatitis.
Inhalation  May cause respiratory tract irritation.
Ingestion  Ingestion may cause gastrointestinal irritation and diarrhea.

See toxicological information (section 11)

4. First aid measures

Eye contact  In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention if irritation occurs.

Skin contact  Immediately wash exposed skin with soap and water. Remove contaminated clothing and shoes. Wash clothing before reuse. Thoroughly clean shoes before reuse. Get medical attention if irritation develops.

Inhalation  If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention.

Ingestion  Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. If large quantities of this material are swallowed, call a physician immediately.

5. Fire-fighting measures

Flammability of the product  May be combustible at high temperature.

Flash point  235 °C (Closed cup)

Products of combustion  These products are: carbon oxides (CO, CO₂) (carbon monoxide, carbon dioxide), nitrogen oxides (NO, NO₂ etc.)

Unusual fire/explosion hazards  This material is not explosive as defined by established regulatory criteria.

Fire-fighting media and instructions  In case of fire, use water fog, foam, dry chemicals, or carbon dioxide. Do not use water jet.

Protective clothing (fire)  Fire-fighters should wear positive pressure self-contained breathing apparatus (SCBA) and full turnout gear.

6. Accidental release measures

Personal precautions  Immediately contact emergency personnel. Keep unnecessary personnel away. Use suitable protective equipment (See Section: "Exposure controls/personal protection"). Follow all fire fighting procedures (See Section: "Fire-fighting measures").

Environmental precautions and clean-up methods  If emergency personnel are unavailable, contain spilled material. For small spills add absorbent (soil may be used in the absence of other suitable materials) scoop up material and place in a sealed, liquid-proof container for disposal. For large spills dike spilled material or otherwise contain material to ensure runoff does not reach a waterway. Place spilled material in an appropriate container for disposal. Avoid contact of spilled material with soil and prevent runoff entering surface waterways. See Section 13 for Waste Disposal Information.

Personal protection in case of a large spill  Splash goggles. Full suit. Boots. Gloves. Suggested protective clothing might not be sufficient; consult a specialist BEFORE handling this product.

7. Handling and storage

Handling  Avoid contact with skin and clothing. Avoid prolonged or repeated contact with skin. Avoid contact with eyes. Use only with adequate ventilation Avoid breathing vapor or mist. Wash thoroughly after handling.

Storage  Keep container tightly closed. Keep container in a cool, well-ventilated area. Empty containers may contain harmful, flammable/combustible or explosive residue or vapors. Do not cut, grind, drill, weld, reuse or dispose of containers unless adequate precautions are taken against these hazards.
8. Exposure controls/personal protection

**Occupational exposure limits**

**Ingredient name**

Mineral oil (proprietary)

**Occupational exposure limits**

**ACGIH (United States).**
TWA: 5 mg/m³ 8 hour(s). Form: Mist

STE: 10 mg/m³ 15 minute(s). Form: Mist

**OSHA (United States).**
TWA: 5 mg/m³ 8 hour(s). Form: Mist

**Base oil - highly refined**

**ACGIH (United States).**
TWA: 5 mg/m³ 8 hour(s). Form: Mist

**Control Measures**

Provide exhaust ventilation or other engineering controls to keep the relevant airborne concentrations below their respective occupational exposure limits. Ensure that eyewash stations and safety showers are close to the work-station location.

**Hygiene measures**

Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period.

**Personal protection**

**Eyes**

Avoid contact with eyes. Chemical splash goggles.

**Skin and body**

Avoid contact with skin and clothing. Wear suitable protective clothing.

**Respiratory**

Use only with adequate ventilation. In accordance with good industrial hygiene and safety work practices, airborne exposures should be controlled to the lowest extent practicable.

**Hands**

Wear suitable gloves.

Consult your supervisor or S.O.P. for special handling directions

**Consult local authorities for acceptable exposure limits.**

9. Physical and chemical properties

**Physical state**

Liquid.

**Odor**

Mild.

**Color**

Red.

**Heat of combustion**

Not available.

**Pour Point**

-55 °C

**Specific gravity**

0.85

**Density**

850 kg/m³ (0.85 g/cm³) at 15°C

**Solubility**

insoluble in water.

**Viscosity**

Kinematic: 38.9 mm²/s (38.9 cSt) at 40°C

Kinematic: 7.3 mm²/s (7.3 cSt) at 100°C

**Viscosity Index**

155
10. Stability and reactivity

11. Toxicological information

| Chronic toxicity |  |
| Carcinogenic effects | No component of this product at levels greater than 0.1% is identified as a carcinogen by ACGIH or the International Agency for Research on Cancer (IARC). No component of this product present at levels greater than 0.1% is identified as a carcinogen by the U.S. National Toxicology Program (NTP) or the U.S. Occupational Safety and Health Act (OSHA). |
| Mutagenic effects | No component of this product at levels greater than 0.1% is classified by established regulatory criteria as a mutagen. |
| Reproductive effects | No component of this product at levels greater than 0.1% is classified by established regulatory criteria as a reproductive toxin. |
| Teratogenic effects | No component of this product at levels greater than 0.1% is classified by established regulatory criteria as teratogenic or embryotoxic. |

12. Ecological information

| Ecotoxicity | No testing has been performed by the manufacturer. |

13. Disposal considerations

| Waste information | Avoid contact of spilled material and runoff with soil and surface waterways. Consult an environmental professional to determine if local, regional or national regulations would classify spilled or contaminated materials as hazardous waste. Use only approved transporters, recyclers, treatment, storage or disposal facilities. Dispose of in accordance with all applicable local and national regulations. |

Consult your local or regional authorities.

14. Transport information

Not classified as hazardous for transport (DOT, TDG, IMO/IMDG, IATA/ICAO)

15. Regulatory information

<table>

SARA 313
This product does not contain any hazardous ingredients at or above regulated thresholds.

CERCLA Sections 102a/103 Hazardous Substances (40 CFR Part 302.4): This material is not regulated under CERCLA Sections 103 and 107.

No products were found.

**WARNING:** This product contains a chemical known to the State of California to cause cancer. Ethyl acrylate

**Inventories**

AUSTRALIAN INVENTORY (AICS): In compliance.

CANADA INVENTORY (DSL): In compliance.

CHINA INVENTORY (IECS): Not listed. Contact supplier for regulatory information.

EC INVENTORY (EINECS/ELINCS): In compliance.

JAPAN INVENTORY (ENCS): Not listed. Contact supplier for regulatory information.

KOREA INVENTORY (ECL): Not listed. Contact supplier for regulatory information.

PHILIPPINE INVENTORY (PICCS): Not listed.

**16. Other information**

**Label requirements**  
CAUTION!

MAY CAUSE EYE IRRITATION.
MAY CAUSE SKIN IRRITATION.
MAY CAUSE RESPIRATORY TRACT IRRITATION.
